WWW.511TACTICAL.COM

OUR MISSION STATEMENT

At 5.11 Tactical Series, we create products that exceed the needs of our customers with functional innovation while delivering exceptional value.

At 5.11 Tactical, we follow a recipe of listening to our customer's needs, wants, and desires. From there, we create the products YOU need to perform at YOUR best. Over the years we have been very fortunate to work with federal, state, local law enforcement, and special operations teams from around the globe...as we continue to improve our current product offerings and developing needed products for the future.

THANK YOU for your commitment to the 5.11 Tactical brand and for your product collaboration. Thanks to you, our customer – we have been able to take our 5.11 Tactical pant, made popular through the FBI National Academy Training Center at Quantico, Virginia, and add a 24-7 philosophy of great, functionally innovative products. We provide head-to-toe comfort, with great value.

As a public safety official, you need products that adapt to your gear for normal duty wear, off-duty, special operations, travel, and any other experience. You need to be prepared 24 hours a day, 7 days a week.

For 2005, we are proud to announce the full line of 5.11 products in seven categories, including: tactical, uniform, outerwear, footwear, underwear, luggage/accessories, and undercover garments.

You can be assured they have all passed the test of our Mission Statement. We look forward to your feedback as you try our full line of 5.11 Tactical products.

Thanks again for your consideration,

Dan Costa
Chief Executive Officer

5.11 H.R.T.™ BOOT

Designed with input from professionals in the special operations community from around the world, the H.R.T. is the most functional and innovative boot on the market. **Waterproof** Sympatex® lining allows the foot to breathe as well as stay dry, while the Armortex® Kevlar® side panels give the boot stability and support. The carbon based outsole design incorporates the latest technology in slip and oil resistant rubber with minimal squeaking. All of these materials in the H.R.T. boot come together to comprise our Shock Mitigation System™. 5.11 Tactical is setting a new and higher standard for tactical footwear.

- Shock mitigation system™ (compression molded Phylon mid sole absorbs and neutralises shock during heel strike)
- Sympatex® waterproof breathable lining
- Waterproof U.S.A. leather (Waterproof suede in desert sand color)
- Armortex® Kevlar® nylon side panels (Cordura® nylon in desert sand color)
- Oil and slip resistant carbon based rubber outsole
- Four system compression/recovery insoles
- Anti-bacterial Drilex® lining
- Blood borne pathogen resistant lining
- Reinforced toe with tactical climbing rubber
- Reinforced inside heel with grinding lateral rubber
- Outsole w. prone position grip
- Rope grip at arch
- Triple stitching
- All non-metallic material
- Anti-static and snag resistant parachute nylon cord shoelaces with plasteel lace-tip

SOCKS

These socks provide unmatched comfort and performance. With Coolmax® for wicking, nylon and rubber for strength, and spandex for comfort, this sock is an integral part of the Shock Mitigation System™ technology. Our socks have 12 zones of varying compression and fabric blends for increased blood circulation, heat reduction, added stress relief, comfort, and resiliency. At 5.11, we put a lot of engineering behind even the smallest things we make to help you perform at your best. 80% Coolmax®, 8% nylon, 8% spandex, 4% rubber

5.11 A.T.A.C.™ BOOT

The A.T.A.C. boot series was designed by and for law enforcement professionals for the most comfortable work day possible. U.S.A. leather ensures a sharp appearance with a shiny polishable toe, 1200D Cordura® nylon for durability, our new Shock Mitigation System™ technology for support, and an oil/slip resistant outsole for stability. The A.T.A.C. 8" side zip boot features a hidden side pocket, and a curved YKK® zipper for easy on and off capability. The A.T.A.C. series is the most comfortable high performance footwear available

- Shock mitigation system™ (compression molded Phylon mid sole absorbs and neutralizes shock during heel strike)
- U.S.A. leather
- Curved YKK® zipper for easy on and off (A.T.A.C.8 only)
- 1200 Cordura® nylon side panels
- Hidden side pocket (A.T.A.C.8 only)

Shock Mitigation System™

Engineered by 5.11 Tactical with feedback from the special operations community, this new technology exceeds boundaries in all types of footwear on the market including high-end running shoes. Specific components include: carbon based rubber outsole, Phylon mid sole, Hypertex lasting board, nylon flex-fit composite shank, four layer insole system, lunar lining, accompanied with our technical socks. All of these elements are strategically combined to offer you ultimate support for high impact activity. Our Shock Mitigation System™ is lightweight with superior compression and rebound resulting in comfort, stability, and optimal **SPEED.**

5.11 A.T.A.C.™ 8" SHIELD

This highly evolved composite toe boot received its name by possessing the unique ability to offer superior protection and a higher level of safety than its steel toed competitors. Under stress, the steel toe casing can damage and even sever toes, where the composite toe is designed to shatter and absorb the impact. This high quality boot has earned ansi approval for its composite toe, is made of 100% leather and has a fully gusseted side zipper. This waterproof design distances the shield from all competitors.

- **WATERPROOF**
- ANSI approved safety toe
- Shock mitigation system™ (compression molded Phylon mid sole absorbs and neutralizes shock during heel strike)
- All leather (with shineable toe)
- Fully gusseted curved YKK® zipper for easy on and off
- 1200 Cordura® nylon side panels
- All non-metallic material
- Hidden side pocket (A.T.A.C.8 only)
- Oil and slip resistant carbon based rubber outsole

MUSCLE MAPPING™ CREW

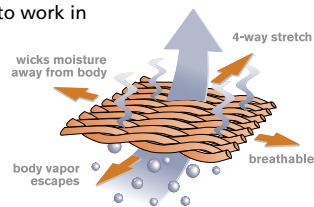

5.11 Proprietary Engineered knitting technology

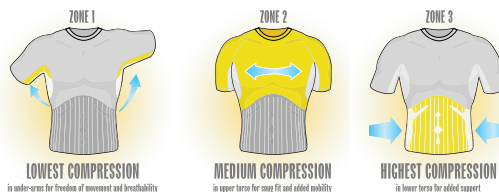

Muscle Mapping™ was engineered specifically for the law enforcement professional. This unique garment offers 3 different compression zones that virtually add muscle tone throughout your entire torso and offers a dynamic support system to both your muscles and back. The mesh fabric under the arms along with seamless side seams reduce friction and give Muscle Mapping™ the ability to offer maximum support, mobility, and breathability. Like a hand in a glove, this shirt was designed to work in conjunction with body armor by increasing the snugness and producing a tighter, more effective fit. This is a high performance piece of equipment for a high performance professional.

- 88% Tactel® nylon, 7% nylon, 5% Lycra® spandex
- Dri-X-treme® wicking for quick drying and increased comfort
- 3 different compression zones for greater performance and mobility.

40001–Unisex Short Sleeve
 Sizes: M–2XL

Designed to work with body armour

L.E. TIGHT CREW™

Compression Fit

Our Law Enforcement (L.E.) Tight Crew proves itself superior to the competition with a seamless sleeve construction and mesh gusset under the arm. These key innovative features offer you an entire workday's worth of increased comfort, mobility, and breathability.

- 80% polyester, 20% spandex
- Dri-X-treme® wicking for quick drying and increased comfort
- Mesh fabric under arms for highest breathability
- Heat transfer label at back neck eliminates tag irritation
- Raglan "saddle shoulder" construction
- Anti-microbial
- Anti-static

40005–Unisex Short Sleeve
 Sizes: S–2XL
 # 40006–Unisex Long Sleeve
 Sizes: S–2XL
 Colours: white, tan, od green, black, military brown

5.11 TACTICAL SERIES®

L.E. LOOSE CREW™

Relaxed Fit

The Law Enforcement (L.E.) Loose Crew offers the same cutting edge features as its more tight-fitted brother that, again, distances itself from the competition. This performance t-shirt can be casually worn for any occasion while still offering a tactical and professional look.

- 100% micro fiber polyester
- Dri-X-treme® wicking for quick drying and increased comfort
- heat transfer label at back neck eliminates tag irritation
- raglan "saddle shoulder" construction
- Microban® anti-microbial
- anti-static

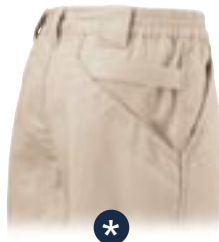

40007–Unisex Short Sleeve
 Sizes: S–2XL
 Colours: white, tan, od green, black, military brown

5.11 TACTICAL SERIES®

TACTICAL

The choice of federal, state, and local law enforcement for over 20 years. The 5.11 Tactical pant's action waist allows for comfortable freedom of movement and it's cargo pockets can store a cell phone, flashlight, spare mags, handcuffs, and knives. It has 59 bartacks, a double seat and knees, and our trademark utility strap on the back pocket. This year we are launching the "original" 5.11 Tactical pant in a 7.4 oz, 100% nylon canvas fabric. Enjoy all of the same features as the "original" but in a lighter weight, abrasion-resistant, quick-dry Dri-X-treme® wicking fabric.

Our best-selling 5.11 Tactical pant was created in 1968 and has truly stood the test of time. Originally designed to be the ultimate pant for rock climbing, the FBI academy got a hold of it and have been using our pants as a standard issue item at Quantico for decades. The foundation of our company is built upon this pant which represents extreme durability, functionality, quality, and a great value.

Accept no imitations!

Both the "original" cotton canvas and the new nylon canvas include: 59 bartacks for strength and durability | YKK® zip front fly with Prym® snap | back-up button | rear slash pockets | utility strap design | flashlight/mag/cell phone pocket | side cargo pockets | solid brass D-ring | double seat | action waist | double knee accommodates knee pad insert

5.11 TACTICAL POLO

This is the perfect polo on or off-duty. The 5.11 tactical polo was designed to be fully functional while appearing casual. This polo allows you to blend in while enjoying many tactical features such as a fully gusseted side panel that allows for ease of arm extension. Quick drying Dri-X-treme® wicking fabric works hard to channel moisture away from known concentration points. Whether you are at a game working the crowd or enjoying this one from the seats, the 5.11 tactical Polo, like you, always accomplishes it's mission.

- Dri-X-treme® wicking pique knit
- 2 hidden pencil pockets on sleeve
- left and right shoulder hidden mic pockets
- mobility gusset sleeve construction
- melamine buttons

THE 5.11 TACTICAL VEST

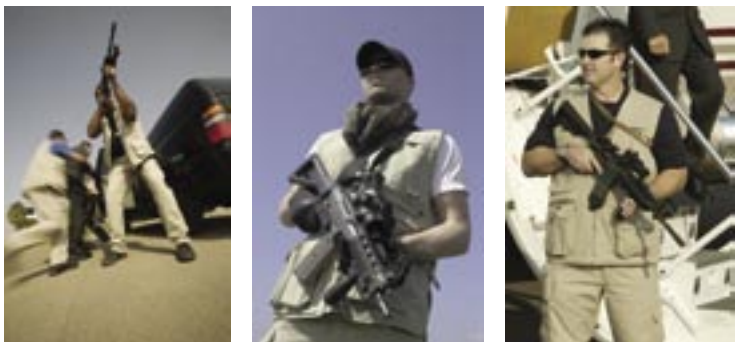

The 5.11 Tactical Vest was designed to offer maximum comfort when filled to maximum capacity. Helpful 4.5" snap tabs attach to your belt to keep the vest from drooping when it is loaded with gear. Featuring our patented Back-up Belt System™, this vest helps you effectively balance the weight of all the essential tools you need to perform your job. Our vest features 16 specialised pockets sized for rifle mags, radios, pistol mags, flashlights and pepper spray. This vest is excellent for concealed carry because its length discreetly covers your belt holstered weapon.

Additional features include: two interior concealed Back-up Belt System™ carrying compartments that include loop side Velcro® that is compatible with our pouch accessories | long vest length can conceal a weapon at waist | 16 specialized pockets | adjustable 4.5" side snap tabs for your belt back venting | Velcro® badge tab | brass key clip

BELT-SYSTEM™ BACK-UP

by 5.11 TACTICAL SERIES

The Back-Up Belt System™ has been integrated into nine 5.11 Tactical garments for 2005
 5.11 Tactical Vest | 3-in-1 jacket | Fleece Lined Duty Jacket | Tactical Soft Shell Jacket |
 "B" Class Uniform Pants | Monterey Jacket | Trench Coat | Jean Jacket | VIP Blazer

The patented 5.11 Tactical Back-up Belt System™ was developed to provide a secondary location for bulky, uncomfortable equipment that you normally would store on your duty belt. By integrating concealed carry pockets with Velcro® lining, you can easily attach our Velcro® backed ballistic nylon pouches inside the pockets. The Back-up Belt System™ has an ambidextrous design so you can quickly customise your equipment for each mission providing you an even distribution of weight.

POUCH KIT

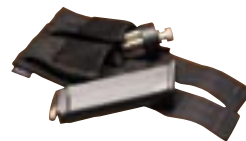

All of the essential tools to accessorise and properly balance your 5.11 Tactical vest, jacket or uniform pant. Includes the cuff pouch, baton pouch, mace pouch, mag pouch, and holster. Put your 5.11 gear to work with our complete line of hook-and-loop accessories.

- accessories used as part of the Back-up Belt System™
- each accessory is backed with hook material that adheres to the loop material in our vest, "B" uniform pants, and jackets

STRICTLY UNDERCOVER

In 2003 Scandinavian Police units with surveillance and covert Ops tasks were in need of a tactical solution to carry concealed equipment during Covert Ops. A vest that could carry all the necessary equipment needed and still stay comfortably and covert underneath a "light" jacket or shirt. A vest that gives easy access to all the gear without feeling bulky and stiff. The answer to this is...

THE 5.11 MESH CONCEALMENT VEST (pouches not included)

This vest features a heavy duty mesh body with large Velcro® material overlays to accommodate accessories such as a radio, magazines, flashlight, and handcuffs. The vest has adjustable Velcro® in width and can be adapted to numerous types of missions.

- 100% nylon construction
- large velcro material panels for attaching accessories
- wire guides at back neck and on inside of vest
- adjustable removable chest closure
- belt clips for added security
- 2 hidden pockets

49002-Unisex | One size only (adjustable Velcro®)
Colour: black

The vest has adjustable Velcro® in width and can be adapted to numerous types of missions. The straps are also made of elastic material to give the best comfort possible.

TAILORMADE CONFIGURATION

These images show the Scandinavian basic configuration of the concealment vest. This vest is configured with a baton pouch for ASP 26" collapsible baton, a maze pouch, a radio pouch and a cuff pouch.

The image clearly displays the adjustable belt loops and the detachable sternum strap (included).

The Guarda Nacional Republicana (GNR) of Portugal wearing the 5.11 Professional Polo as their official uniform polo.

5.11 TACTICAL 3-IN-1 JACKET WATERPROOF/ BREATHABLE

Black

Dark navy

Range Red

Wind Resistant Inner Fleece

The 5.11 Tactical 3-in-1 jacket is uniquely engineered with dual layer resistance to moisture penetration while allowing moisture vapor inside the jacket to pass through the 100% nylon face for maximum breathability. In short, this jacket works twice as hard to keep you dry. Combine its waterproof/breathable abilities with a fully taped seam construction and you have a tactical performance jacket that, like you, always gets the job done.

100% nylon face with abrasion-resistant nylon lower lining and taffeta in the sleeves | waterproof, breathable fabric with taped seams provides complete rain protection | has 11 pockets on the shell, 15 counting the lining | Back-up Belt System™ chest pockets in front chest pockets | abrasion-resistant lower inside lining protects against duty belt | 100% polyester Wind-Resistant Inner Fleece liner can be worn separately | stow-away, removable hood | 28" 2-way side zips to accommodate duty belt and provide added ventilation | pull out badge holder in pocket | Outer Shell can accommodate Tactical Soft Shell jacket as zip-in | identification panel in upper back pocket and right chest pocket | left and right side mic tabs at front chest

RAIN PANT

WATERPROOF/ BREATHABLE

The 5.11 Tactical Rain Pant has a fully seam-sealed construction with waterproof/breathable engineering. Its dual layer resistance to moisture penetration allows moisture vapor inside the pant to pass through the 100% nylon face for maximum breathability. The ankle zippers allow you to put the pant on without taking off your boots, and there are passthrough openings to allow you access to your pockets on your regular pants.

- 100% nylon face with a polyester lining
- 2 front hand pockets plus 2 passthrough openings to allow pocket access to pants worn underneath
- 12" zippers inside left and right ankle

48005-Unisex

Sizes: XS-4XL

Colour: black

FLEECE LINED DUTY JACKET WATERPROOF/ BREATHABLE

Dark navy

Black

The 5.11 Tactical Fleece Lined Duty jacket has a fully seam-sealed construction with waterproof/ breathable engineering. Its dual layer resistance to moisture penetration allows moisture vapor inside the jacket to pass through the 100% nylon face for maximum breathability. In addition to enabling you to remain dry, the fleece lining insulates and wicks moisture away from your body.

100% nylon face with abrasion-resistant nylon lower lining and taffeta in the sleeves | waterproof, breathable fabric with taped seams provides complete rain protection | has 11 pockets on the shell, 15 counting the lining | Back-up Belt System™ pockets at front chest | abrasion-resistant lower inside lining protects against duty belt | stow-away, removable hood | 14" side zips to accommodate duty belt and provide added ventilation | pull out badge holder in pocket | identification panel in upper back pocket and right chest pocket | left and right side mic tabs at front chest

28002-Unisex | Sizes: XS-2XL
 # 28002-Unisex | Sizes: 3XL-4XL
 Colours: black, dark navy

Removable and stowable hood

Back-up Belt System™ pockets

Angled sleeve pockets for easy entry

Mic Loops with wire guide

Badge tab holder

Strong Prym® snaps to keep your gun accessible

TACTICAL SOFT SHELL JACKET

This jacket provides warmth without the bulk for great styling. Built with a unique three layer construction:

- outer layer—abrasion-resistant two-way stretch woven nylon
- middle layer—waterproof/breathable membrane
- inner layer—micro fleece that insulates and wicks moisture away from your body

7 pockets | Back-up-Belt System™ in front chest pockets | abrasion-resistant lower lining to protect against duty belt | side zips to accommodate duty belt | comes with a sew-on badge holder | left and right side mic tabs at front chest | can zip into the 3-in-1 Outer Shell jacket

28003-Unisex | Sizes: XS-2XL
 # 28003-Unisex | Sizes: 3XL-4XL
 Colour: black

REFLECTIVE VEST

Stows inside
it's own pocket bag

Our reflective vest has a simple Velcro® tear-away design and stows in its own pocket to keep clean. Vest made with 3M® reflective materials and also feature a badge tab, mic loops and two pen pockets.

ANSI II Vest

- Exceeds CLASS II reflectivity requirements of ANSI/ISEA 107-2004

49001-ANSI II

Exclusive **The 5.11 UNIFORM-line**

THE A/B CLASS UNIFORM SHIRTS

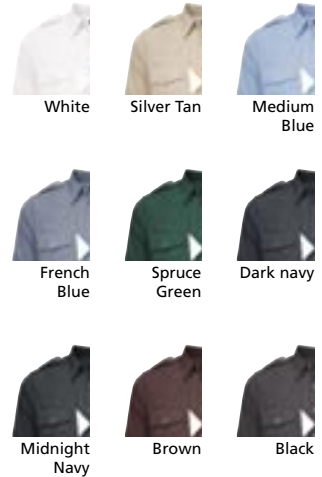

The A/B Class shirts have a revolutionary design with strategically placed, visible and hidden pockets to hold all your gear and redistribute weight. Enjoy increased range of movement in the arms with it's bi-swing shoulder. Our high quality, wash-and-wear modern fabric blends allow you to move, run, bend and climb without losing your professional, tailored look. Sewn-in military creases, permanent collar tabs and hidden button-down collar keep your shirt always looking fresh even after a long day on the job.

ALTERNATIVE 1:

A/B Class Uniform Shirt-Poly Wool
54% Polyester, 44% Wool, 2% Lycra®

ALTERNATIVE 2:

A/B Class Uniform Shirt-Poly Rayon
64% Polyester, 34% Rayon, 2% Lycra®

Both long & short sleeve available in men and women sizes

Both the poly rayon and the new poly wool include:

- large concealed chest pockets for utilities or documents | hidden-button down collar | permanent collar tabs | badge holder with support strap | bi-swing shoulder construction | sewn-in military creases | reinforced epaulets, collar, cuffs | melamine buttons | triple needle stitching | **Long sleeve only:** double layer elbows | four button adjustable cuffs | underarm vents

For further information. Please contact your 5.11 Dealer

A AND B CLASS UNIFORM PANTS

Our A/B -class uniform pants are available in two different fabric alternatives:

Uniform Pants-Poly Wool - 54% Polyester, 44% Wool, 2% Lycra®

Uniform Pants-Poly Rayon - 65% Polyester, 35% Rayon

Finally... there's a uniform that's as evolved as the rest of your gear. The key to our uniform pants are the great fabrics they are made of. Unlike many other uniform pants on the market that are very stiff and rough to touch, we have worked hard to find you an alternative with wash-and-wear modern fabric blends that, in turn, work for you. Our B class pants include a hidden zippered security pocket in the right side hand pocket. The B class also includes the Back-up Belt System™ in it's lined Velcro® cargo pockets to help redistribute weight that would normally be held on your duty belt. Our A Class pants offer you a professional look for more formal situations.

Poly Wool pants use tunnel stretch waistband.

Poly Rayon pants use action stretch waistband.

CLASS A:
Without cargo pockets

CLASS B:
With cargo pockets

Both the poly rayon and the new poly wool include:
diamond gusset crotch | Lintrak® permanent creases | YKK® zippers with Prym® snap | gripper elastic waistband shirt stay | large keystone belt loops | two 8.5" deep rear flashlight pockets | heavy duty straight and triangle bartacking

For further information. Please contact your 5.11 Dealer

MISSION READY

Made with durable nylon, this water-resistant bag features a hard rubber backing, polyurethane ball bearing wheels and a shoulder strap for quick maneuverability. It also has a retractable walking handle, sturdy carrying handle with a two stage locking mechanism, three large side zippered pockets and two zippered pockets on the inside top. The bottom of the bag is padded and equipped with wear-resistant rubber feet.

59013–Mission Ready
30" wide x 20" deep x 13" tall
Colour: black

RANGE READY

This innovative nylon bag is water-resistant and designed to professionally manage all of your range gear with style. Its five large exterior pockets include two that are lockable, and one that organises up to 8 magazines. Inside the bag's sturdy frame sits a removable spent brass holder that can clip on your belt and a Velcro® divider wall that allows the internal space to be customised. The inside of the bag is lined, the bottom is padded for added durability and protection. A shoulder strap is included.

59049–Range Ready
24" wide x 16" deep x 10" tall
Colour: black

PATROL READY

This bag was built to effectively manage your essential gear. Rugged and water-resistant, its outer nylon shell consists of five "gear-sized" exterior pockets that will hold your flashlight, nightstick, glasses, maps and radio. The inside compartments and pockets are ready to handle everything that didn't make it onto the outside.

59012–Patrol Ready
18.5" wide x 8" deep x 12" tall
Colour: black

TWO-DAY TAC

Perfectly sized for your shorter missions, this bag is designed to convert from a briefcase to a backpack in seconds. It is airline carry-on compliant, water-resistant, and built with durable, high-quality nylon. Carry it one of three ways: via hand strap, hidden backpack straps, or a hidden shoulder sling. This bag has five separate compartments and access points exactly where you need them.

59062–Two-day Tac
20" wide x 6.5" deep x 12.5" tall
Colour: black

- operator controlled lighting
- titanium case with a rotating bezel
- illuminated watch hands
- full function count down timer
- full function chronograph with lap time
- alarm mode
- date mode
- 24 hour or standard time

59209-H.R.T. Watch

Available April 2005

Come-Up Calculator Exclusive feature with Horus Vision, LLC

Calculates point of aim/point of impact by allowing the user to input the critical variables necessary in determining elevation and wind adjustments on any rifle scope. Punch in your variables and the watch will then display the appropriate number of clicks...it's that simple. This enhances the shooter's ability to engage targets out to 1,000 meters. The critical input variables include bullet weight, muzzle velocity, height above bore, altitude, temperature, wind speed, wind direction, zeroed range, angle of inclination, c1 coefficient and distance to target. Solutions can be displayed in TMOA, MILS or SMOA or can be displayed in actual clicks based on the shooter's scope.
