SLR Airsoftworks SOLO Series and Accessories

19 October 2016 – Hong Kong

SLR Airsoftworks is pleased to announce the following products for October. These products will be the maiden release of the SLR Airsoftworks product line; being licensed airsoft reproduction of the prestigious SLR Rifleworks, LLC products.

SLR Rifleworks is a firearm parts manufacturing company specializing in innovative and new designs for the firearm industry. Hailing from Central Florida in the United States, SLR Rifleworks is famous for the unsurpassed quality of their adjustable gas blocks, charging handle, muzzle devices and handguard rails, among other innovative products in SLR Rifleworks' line-up.

SLR Airsoftworks will bring this unique manufacturer into the airsoft market by faithfully reproducing their plethora of firearm accessories for airsoft guns.
